## SPONSORSHIP ARRANGEMENT & PRO SERVICES

The government of UAE has allowed to start limited liability companies (LLC), service agent, sole establishments of foreign branches / civil companies only with partnership of an Emirati citizen or UAE national. We arrange sponsorship from highly trusted UAE national with responsibility.

We provide exclusive PRO services in Ajman on an annualized basis or on a project basis. This is a special service from companies want to hire service for about, immigration, family visa services, economic and municipality department affairs. By hiring our service companies can save money, time as well as manpower. By choosing our service you can save the expense of employing a full time PRO.

**MOBILE APPLICATIONS**  
[ android, IOS]

A business website is one of the most powerful marketing assets a business can have. When you invest in a strategic website for your company, it can make your business more visible in the search engines and it can help potential clients and business partners understand what it is that you do, how you can help them, and show them how they can benefit from partnering with you. We work to deliver .

We work to deliver an optimised and responsive website for your business. We also develop new customized software and build high quality mobile apps tailored to meet your specific business requirements.
